

Dear Tournament of Friendship Scholarship:

My name is Melina MacGregor and I grew up in West Bloomfield, Michigan. I chose to attend Michigan State University due to my desire to study Law and because of the reputation of the Criminal Justice program. Being selected as a recipient of the Tournament of Friendship scholarship in 2012-2013 was unexpected, appreciated, and helped alleviate the financial stress of tuition that I was facing at the time. The scholarship allowed me to focus more of my attention on my studies, and I was able to attain a high level of academic success because of it.

Since graduating from Michigan State University, I have taken the opportunity to travel to various places around the world. I enjoy learning about other people and cultures, and I am enjoying this experience very much. In the near future my plan is to return to the professional sphere and work as a Paralegal.

Thank you again to all who make the Tournament of Friendship Scholarship possible. It was and still is truly appreciated.

Melina M.
